The cost of registration is the cost of the program set at the beginning of the registration process and does not factor in late penalties or additional fees.

In a family package of 3 or more children, the cost of registration for the injured player would be calculated based on the amount remaining after full registration has been paid for the players continuing play. 1350 – player one registration – player two registration
= amount of registration for injured player - \$120 = /26 weeks x weeks injured
