

PORT COLBORNE MINOR HOCKEY ASSOCIATION INC.

Late Registration Policy

This policy applies to players who wish to register after November 1st in divisions where space is still available and convenors have approved their application for registration.

The rationale is to allow convenors to continue recruiting players, in particular where registrations numbers are low and team composition is below the desired number of player per team. In division where rosters are complete, registration may be closed and the application may be denied.

Players registering after November 1st will benefit from a reduced rate as per table below. Late season registration FEES are pro rated to represented a portion of season ice use and the applicable portion of the overhead per player.
